

Poisoner Waite, in Interview, Warns Against Love of Money

New York, May 31.—Dr. Arthur Warren Waite, nurse of steel bars broken, in an interview the convicted poisoner says he has caused the suffering he had caused his trusting wife. "I have been and am a witness to the monster of my own mind," he declared. "I have been and am a witness to the monster of my own mind, and I have been and am a witness to the monster of my own mind."

It was the first time since his arrest that he had been asked to give some of his impressions for publication. He almost instinctively was aware of the fact that his words were being recorded, and he was careful to make them as clear as possible. He told of the first time he was arrested, and of the first time he was taken to the prison. He told of the first time he was taken to the prison, and of the first time he was taken to the prison.

He told of the first time he was arrested, and of the first time he was taken to the prison.

He told of the first time he was arrested, and of the first time he was taken to the prison. He told of the first time he was taken to the prison, and of the first time he was taken to the prison. Bathe with Cuticura Soap and hot water. Dry and apply Cuticura Ointment to affected skin. Nothing more soothing, soothing and healing.

Sample Each Free by Mail. Write for one to-day. No charge.

Hair Often Ruined By Washing With Soap. Soap should be used very sparingly. If you want to keep your hair looking its best, moisten your scalp with shampoo, and then wash with Cuticura.

The best thing for your hair is not only undiluted Cuticura soap (which is pure and generous), and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly.

Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which cleanses and soothes the scalp, every particle of dirt, dandruff and excrement. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair smooth and sleek, bright, glossy, stiff, and easy to manage.

You can get undiluted Cuticura soap in any drug store, or by mail. It is very cheap, and a few ounces will supply you for months of the family's monthly hair treatment.

Vital Features

SILVERTOWN Cord Tires have giant CORDS in them! They are made in "Straight-side" as well as in "Climber" type.

No Tires, of any construction, average LARGER than Silvertowns, taken Type and Size for Size.

The Silvertown Cord Tire of 36x4 1/2 inch Size, and "Straight-side" Type, has 1240 Cubic Inches of Air-space.

A thorough search of the Market failed to discover any 36 x 4 1/2 inch Tires of any Thread-Fabric, or alleged "Cord" Construction which had more than 1191 Cubic Inches of Air-space.

Silvertowns are made with Safety-Tread, as well as in the original Silvertown Rib-Tread.

This latter being closely copied by Makers of other Tires, we now identify all genuine "Silvertowns" by the trade-mark shown herewith.

—Viz: a small double-diamond, in red rubber, on the white rubber side-wall of each Tire.

With Silvertown Cord Tires your Car will COAST 30% further than on Fabric Tires.

It will develop 17% more Speed from same Motor.

It will Ride smoother, Steer easier, and Start quicker.

And,—in these days of high-priced Fuel, bear in mind that it will consume 25% LESS GASOLINE, per Mile of performance.

That Saving alone pays for much more than the slightly higher cost of Silvertown Cord Tires.

So why not "Silvertown" your Car? B. F. GOODRICH CO. Boston Branch: 851-7 Boylston Street

Why not give it "Class"—Prestige,—and that SMOOTH RIDING which feels more like gliding?

Silvertown Cord Tires can now be had through any Goodrich Dealer, or any Branch of the Sole Manufacturers, in America, who are,—The B. F. Goodrich Co., of Akron, Ohio.

Silvertown Tires are Standard Equipment on the following Cars:

BOY CONVICTED OF STRIKING TEACHER

John H. Carroll, thirteen, of No. 42 Westworth street, Dorchester, appeared in the juvenile session of the Dorchester court today, charged with assault and battery on Sub-master Philip G. Noon of the Henry L. Pierce school.

According to the testimony Carroll waited for Sub-master Noon on May 22, and when the teacher left the school for luncheon walked up to him with a club in his hands and struck him a blow in the face with his fist.

Sub-master Noon testified that a short time before May 22 Carroll was given corporal punishment by Mr. H. Howe, master of the school. The boy, who is larger than his age, resisted the master so roughly that Sub-master Noon was called to assist the boy while the master punished him. At that time, according to the testimony, Carroll said to the sub-master, "I'll get you for this."

Judge Sullivan found the boy guilty of assaulting the teacher, and placed him on probation.

SAYS HUSBAND KEPT WHISKEY IN A TANK

Mention of a whiskey cache consisting of a bathroom water tank was made in the suit of Mrs. Lillian E. Waterhouse of Dedham, in the Suffolk district court.

Mrs. Waterhouse, who charges her husband, Martin, V. H. Waterhouse, with cruel and abusive treatment, said he kept his whiskey in the tank and also in the pockets of a discarded garment.

Supported by a squad of witnesses, including a number of pretty girls, Mrs. Waterhouse told Judge McLaughlin a long tale of alleged cruelties on the part of her husband. She said he pushed a table against her, threw rocks and dishes at her and threatened to kill her. They have two children, Donald L., 16 years, and Richard, 5 years.

A Timely Warning

ELEVEN well-known automobiles have advanced in price within the last ninety days.

The Maxwell Company has not increased their prices—yet. We do not know what their plans are, but we do know and you know that materials entering into the construction of good automobiles now cost from 20 to 300 per cent. more than they did six months ago.

Nothing is to be gained by delay. Much may be lost.

Not only may you lose several dollars in the purchase price, but you are sacrificing the enjoyment, the relaxation, the health-giving properties—everything, in fact that makes motoring the favorite pastime of the nation.

We urge you to come in and investigate the Maxwell.

Or, we will refer you to any number of Maxwell owners and let them tell you their own story in their own way.

They will tell you what they have told us. That the Maxwell is good-looking—that it is powerful—that it is comfortable—that it is economical—in short, that it is the best investment they ever made. They will tell you more and they will tell you gladly and freely.

That's the way they feel toward us and the Maxwell Car.

Whatever you do, don't put this off. We have a few cars on hand and can take orders for immediate or future delivery—at present prices. If you can't come in today, phone us for a Maxwell demonstration.
